Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Monday 24 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly dry overnight. Sunny spells and showers on Tuesday.

This Evening and Tonight:
Any residual showers will gradually clear the the east, leaving the region largely dry with clear spells at times. During the early hour there is still a chance of the odd shower over eastern areas. Breezy. Minimum temperature 4 deg C (39 deg F).

Tuesday:
A dry start for most before showers develop, possibly heavy for some but fewer than on Monday. Cornwall and parts of Devon, could see rain during the afternoon. Maximum temperature 15 deg C (59 deg F).

Outlook for Wednesday to Friday:
Largely dry with Sunny spells on Wednesday. Light rain in the west on Thursday but fine elsewhere. A few showers on Friday, and possibly coastal mist. Temperatures warming to average.
